EPA FILES ADMINISTRATIVE COMPLAINT AGAINST GRADY MCCAULEY FOR HAZARDOUS WASTE VIOLATIONS

The U.S. Environmental Protection Agency (EPA) Region V today announced the filing of a civil administrative complaint against Grady McCauley Creative Graphics, Inc., 7390 Middlebranch Rd., Middlebranch, OH.

The complaint against Grady McCauley proposes a penalty of \$9,500 and charges that the facility has violated Resource Conservation and Recovery Act (RCRA) regulations regarding the generation, storage and disposal of hazardous waste.

The company has failed to meet specific RCRA provisions that require hazardous waste to be generated, stored, and disposed of in an environmentally safe manner at facilities possessing either a hazardous waste permit or an interim status.

Grady McCauley has the right to request that EPA hold an informal settlement conference and a hearing to discuss the charges. The company must make such a request by August 5, 1985.
